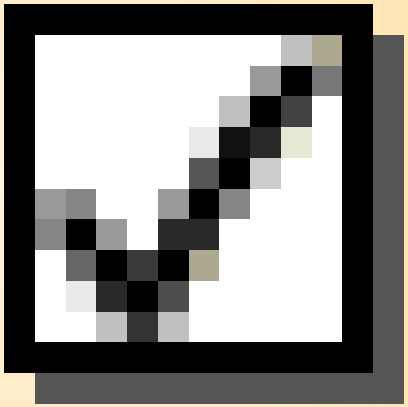
AR 30-22/DA Pam 30-22 Update

2004 Reserve Component Food Service Training Workshop

23-27 February

AGENDA

- Regulation updating process
- Files
- Organization/Responsibilities
- System Applications
- Chapter 3 changes
- Chapter 4 changes



REGULATION UPDATING PROCESS

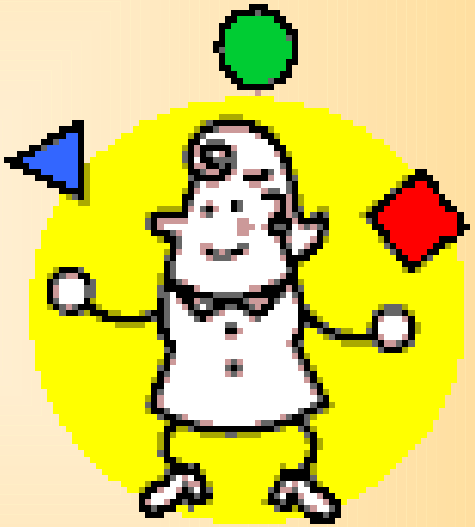
- Electronic publication by Army Publishing Directorate (formerly USAPA)
  - www.apd.army.mil
- Access forms on the same site- not local Formflow server
- “Clean text” changes
- Edition date and Summary of Changes
- “Figure” links to example and instructions
- “Form” links to blank Formflow form

FILES

- Maintained per AR 25-400-2, Army Records Management Information System (ARIMS)
- Disposition is per DA Pam 30-22, para 1-5
- “No longer needed for conducting business” defined
- Most records are kept a minimum of 6/6
- Some longer: Projects, reviews, ration requests are 1/1
  Construction/Modernization projects are six years

ORGANIZATION AND RESPONSIBILITIES

- Installation Management Agency and Regions
- Installation Authority
- Senior Mission Commander



CSA
Chief of Staff, US Army

Army G-4

ACSIM

IMA

MACOMs
Food Advisor

IFA Region
Foodservice Director

Senior Mission CDR

Tactical Food Advisor

Food Program Manager

Installation Garrison CDR

Unit/ Organization

Unit/ Organization

Unit/ Organization

DFAC

DFAC

DFAC

ONE OVER THE WORLD

SINGLE AGENCY CONCEPT

SYSTEM APPLICATIONS

- Use RCSS…
  - For IDT feeding
  - For Annual Training conducted other than at an Active Army installation
- Use AFFS…
  - When training with the Active Army
  - When training on an Active Army installation

CHAPTER 3 CHANGES
Report of Survey

- Report of Survey threshold for food loss increased from $350 to $500

- Report of Survey for food loss over $4000 requires informational copy sent through ACES to DCS, G-4.

CHAPTER 3 CHANGES
Holiday BDFA

- The value of the BDFA is increased by 25% for the traditional Thanksgiving and Christmas meals
- Reserve Components are authorized *either* Christmas *or* Thanksgiving holiday meals
- Additional 25% added to lunch meal
- Example:
  - BDFA ($6.20) multiplied by 25 percent ($6.20 x .25) equals holiday allowance ($1.55). The holiday allowance plus the normal lunch meal value ($1.55 + $2.48) equals the adjusted meal value ($4.03).

CHAPTER 3 CHANGES
Unsatisfactory Material Reporting

- DLAR 4155.3 update pending
  - No longer prescribes DD Form 1608
- New forms in DA Pam 30-22
  - Garrison subsistence from a PV = Subsistence Vendor Contract Discrepancy Report
  - Operational rations = Operational Rations Quality Feedback Report
- For health and safety issues contact Veterinary Services

SUBSISTENCE VENDOR CONTRACT DISCREPANCY REPORT

1. FROM	2. THRU	3. TO

4. DATE PREPARED	5. DELIVERY DATE	6. NAME OF PRIME VENDOR

7. Discrepancy a. Item(s) b. NSN(s) c. Vendor SKU # (s)

(1)_____

(2)_____

(3)_____

(4)_____

(5)_____

d. Narrative

_____

_____

_____

_____

_____

_____

_____

_____

_____

8. Required Information

(1) Was the shipment partially or completely rejected? Yes No

(2) Was Veterinary Inspection requested? Yes No

(3) Was the Vendor customer representative contacted? Yes No

(4) If contacted did response correct the problem? (FPM) Yes No

9. Preparer

a. Name

b. Phone

c. Signature

d. Date

10. FPM

a. Name

b. Phone

c. Signature

d. Date

CHAPTER 3 CHANGES
Unsatisfactory Material Reporting

- DLAR 4155.3 update pending
  - No longer prescribes DD Form 1608
- New forms in DA Pam 30-22
  - Garrison subsistence from a PV = Subsistence Vendor Contract Discrepancy Report
  - Operational rations = Operational Rations Quality Feedback Report
- For health and safety issues contact Veterinary Services

Operational Rations Quality Feedback

1. Ration reported	2. Ration component (specific item name)	3. Ration was used during	4. Date
O MRE O UGR-H&S O UGR-A O Other_____		O Field Training Exercise O Convoy O Range Training O Deployment O Storage	

5. Explanation

6. Recommendation

7. Ration was	8. Temp when eaten	9. Field conditions
O Heated O Not Heated	O Hot O Warm O Cold	A. Temperature O Hot O Cold O Moderate B. Humidity O Dry O Normal O Muggy O Mist/Fog O Rain/Snow C. Terrain O Desert O Swamp O Forest O Jungle O Flatland O Hills O Mountain

10. Overall opinion of operational rations

1	2	3	4	5	6	7	8	9
Dislike Extremely	Dislike Very Much	Dislike Moderately	Dislike Slightly	Neither	Like Slightly	Like Moderately	Like Very Much	Like Extremely

11. Overall opinion of the type of ration being reported

1	2	3	4	5	6	7	8	9
Dislike Extremely	Dislike Very Much	Dislike Moderately	Dislike Slightly	Neither	Like Slightly	Like Moderately	Like Very Much	Like Extremely

12. Demographic information

A. Years of Service
B. Rank
C. Age
D. Gender
E. MOS/AOC

13. Personal information

A. Name
B. Telephone
C. Email Address

CHAPTER 3 CHANGES

Philip A. Connelly Awards Program

- Complete re-write of paragraph 3-46 in AR and paragraph 3-65 in DA Pam
- New checklists for Garrison and Field in DA Pam 30-22
- New package submission and photograph requirements
- Changes month that data records must be available for review by DA Connelly Team- from January to September

CHAPTER 3 CHANGES
Food Protection Programs

- Unit procedures- Three forms prescribed in para 3-7 of DA Pam 30-22
  - DA Form 7458, Risk Management Data Log-Cooking
  - DA Form 7459, Risk Management Data Log- Hot or Cold Holding/Storage
  - DA Form 7460, Risk Management Data Log- Cooling Cooked Item
- Command Procedures- TB Med 530 Ch.12 and Appendix C

CHAPTER 4 CHANGES

Supplements and Enhancements

- Supplements- Milk is now the only supplement per Surgeon General's guidance
- Enhancements- Bread is now an enhancement
- Authorized enhancements are contained in DA Pam 30-22 para 4-14

Ration Cycle	M-M-M	U-M-M	U-M-U w/ one UGR (A) meal every third day	U-M-A	A-M-A
Theater Ration Mix	MRE 100%	UGR H&S 33%	UGR (H&S) 56%	UGR (H&S) 34%	UGR (A)* 34%
			MRE 33%	MRE 33%	MRE 33%
		MRE 67%	UGR (A) 11%	UGR (A) 33%	UGR (A) 33%
Deployment	1-20 days	21-30	31-60	61-90	91-120

* Although the desired ration mix is A-M-A by day 90, the U-M-A ration mix may still be necessary depending on where you are on the battlefield.

Notes:

1. Ration cycle legend: MRE - M, UGR (H&S) - U, UGR (A) - A.
2. Units feeding one UGR (H&S) per day or one UGR (A) every third day will alternate the UGRs between the breakfast and dinner meals.
3. Units only feeding one UGR (A) per day will alternate it between the breakfast and dinner meals.

CHAPTER 4 CHANGES
Contingency Operations

- Day 1-20
  - All MREs; if over 21 days must be augmented with fresh fruit and UHT milk

- Day 21-30
  - Limited assets
    - Transportation
    - Storage

Ration Cycle	M-M-M	U-M-M	U-M-U w/ one UGR (A) meal every third day	U-M-A	A-M-A
Theater Ration Mix	MRE 100%	UGR H&S 33%	UGR (H&S) 56%	UGR (H&S) 34%	UGR (A)* 34%
			MRE 33%	MRE 33%	MRE 33%
		MRE 67%	UGR (A) 11%	UGR (A) 33%	UGR (A) 33%
Deployment	1-20 days	21-30	31-60	61-90	91-120

* Although the desired ration mix is A-M-A by day 90, the U-M-A ration mix may still be necessary depending on where you are on the battlefield.

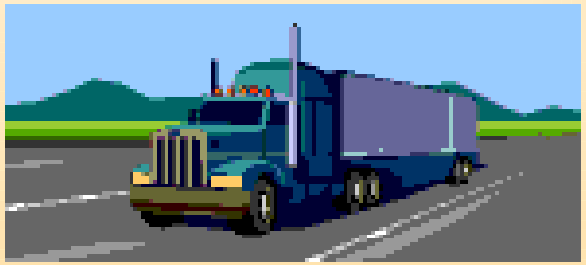
Notes:

1. Ration cycle legend: MRE - M, UGR (H&S) - U, UGR (A) - A.
2. Units feeding one UGR (H&S) per day or one UGR (A) every third day will alternate the UGRs between the breakfast and dinner meals.
3. Units only feeding one UGR (A) per day will alternate it between the breakfast and dinner meals.

Meal	Day 1	Day 2	Day 3
Breakfast	UGR-H&S	UGR-H&S	UGR-A *Rotate UGR-H&S with dinner meal*
Lunch	MRE	MRE	MRE
Dinner	UGR-H&S	UGR-H&S	UGR-H&S *Rotate UGR-H&S with breakfast meal*

CHAPTER 4 CHANGES
Contingency Operations

- Day 31-60
  - Sufficient assets for perishable components
    - Refrigeration
    - Storage
    - Transportation



Ration Cycle	M-M-M	U-M-M	U-M-U w/ one UGR (A) meal every third day	U-M-A	A-M-A
Theater Ration Mix	MRE 100%	UGR H&S 33%	UGR (H&S) 56%	UGR (H&S) 34%	UGR (A)* 34%
			MRE 33%	MRE 33%	MRE 33%
		MRE 67%	UGR (A) 11%	UGR (A) 33%	UGR (A) 33%
Deployment	1-20 days	21-30	31-60	61-90	91-120

* Although the desired ration mix is A-M-A by day 90, the U-M-A ration mix may still be necessary depending on where you are on the battlefield.

Notes:

1. Ration cycle legend: MRE - M, UGR (H&S) - U, UGR (A) - A.
2. Units feeding one UGR (H&S) per day or one UGR (A) every third day will alternate the UGRs between the breakfast and dinner meals.
3. Units only feeding one UGR (A) per day will alternate it between the breakfast and dinner meals.

CHAPTER 4 CHANGES
BOTTLED WATER

- Not with MPA funds except under the following conditions
  - Deploying units may purchase 3 days of bottled water as part of UBL
  - Purchases (amount and cost) must be tracked using appropriate contingency operations code on OPORD
  - Not authorized for preparation for deployment
  - Not authorized for use in LTAs
  - Must be from an approved source
  - Unflavored and with screw on/off caps only
